WHITE GIRLS AND NEGROES DINE IN N.Y. AND INCIDENT STIRS ALL GOTHAM

CAUCASIAN WOMEN ADVOCATE INTERMARRIAGE OF RACES

TO SETTLE RACE PROBLEM

IMPASSIONED APPEAL OF FAIR CHAMPION IS RESENTED

ROAST BOOKER WASHINGTON

Guests at Inter-Racial Banquet Hiss Him and Urge Negroes to Seek Social Equality

NEW YORK, April 28.—Declaring there is no such thing as social equality between the white and black races, even among the negroes themselves, Rev. Madison C. Peters today explained why he took his abrupt departure from a dinner of the Cosmopolitan club, Brooklyn, last night. When he entered the banquet hall he saw negro men and white women seated side by side and heard them engaged in a discussion agitating the abolition of the race problem by the process of intermarriage.

"I had no idea when I attended the meeting that it was proposed to advocate intermarriage," declared Peters today. "It was my understanding the meeting was to bring together the different races in order to protest against the caste spirit in a general way; as an American and a Christian, I can entertain neither race nor religious prejudices. There is no such thing as social equality, not even among the negroes themselves, but I do believe American people must do justice to the negro on his merits. Personally, it would be needless for me to say I don't believe in intermarriage of races," continued Peters. "Nevertheless I have no sympathy with that spirit which would keep alive race antagonism, and set men at one another's throats when their hands should be clasped in brotherly love."

Peters explained he used "Brotherly Love" in a broad way.

How the Play Came Up.

New York, the haven of every creed or sect, and ordinarily tolerant to the verge of indifference, is today in a fever heat over this race affair. The morning papers detailing the doings of the dinner of the Cosmopolitan society, precipitated the trouble. The spectacle of a young white woman seated between negroes and enthusiastic exclamations by diners of proposition of intermarriage as a solution of the race problem, have proved too much.

Real Leaders Sorry.

Prominent negro educators and leaders with foresight sufficient to see the damage worked by last night's affair, felt more that injury has been worked to their race than by any event occurring in the north in recent years. Twenty white girls and women were at dinner. Miss Mary White Overton, a Brooklyn girl, and a leader in settlement work, H. G. Villard, editor of the Evening Post, and Hamilton Holt, editor of the Independent, were among the white speakers. The incident of the dinner that caused the most dissatisfaction among negroes today is the fact that the name of Booker T. Washington, who advocates "peaceful resistance," was greeted with cat-calls and hisses, while that of DuBois, who favors "exercising all our rights under the constitution," was given a volley of applause.

White Girl for Intermarriage.

Miss Overton, in an impassioned speech, advocated social equality. "The negro mustn't give up any of his rights as man," she said. "He must never be satisfied until his equality is recognized. The power of love overruns caste and brings all castes together. I like to think that we are going to eat with and stand up for our colored brethren and sisters wherever we may meet them."

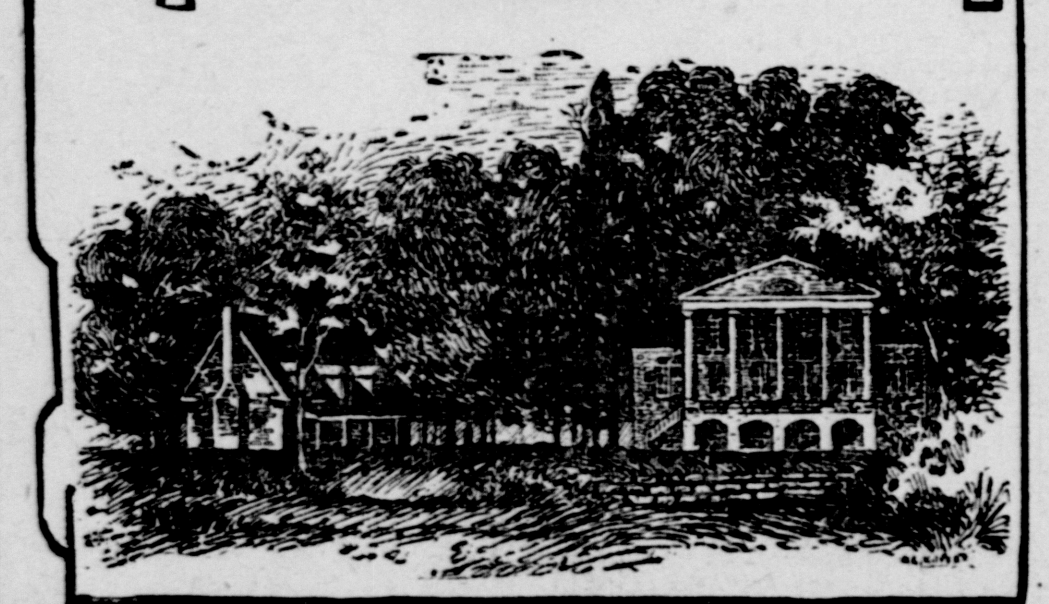

Washington Silent.

Booker T. Washington, head of the Tuskegee institute, who is at the Manhattan hotel, was greatly agitated when he read the story of the Cosmopolitan dinner, but when attempts were made to interview him, he sent word to the desk that he wasn't to be disturbed and had nothing to say.

LA FOLLETTE READY FOR TARIFF SPEECH

WASHINGTON, D. C., April 28.—It is probable Senator Robert M. La Follette of Wisconsin will make another speech in the senate before the close of the session. Senator La Follette has been very ill for several weeks. Reports today are, however, that he is so far improved that he will be able to take up the duties of his office almost at once and one of his first acts will be to discuss the tariff.

TODAY IS THE 149TH ANNIVERSARY OF THE BIRTHDAY OF JAS. MONROE

JAMES MONROE AND HIS RESIDENCE AT OAK HILL, VIRGINIA.

The far sighted policy of James Monroe, fifth president of the United States, is typified in the "Monroe Doctrine." This principle, "America for Americans," has been one of the basic principles of the United States in dealing with the South American republics for over eighty years, and although it receives much criticism it must be admitted that it has served a great end in the world's history. James Monroe was born in Westmoreland, Va., April 28, 1759, so that we are celebrating the 149th anniversary of his birth. The age in which Monroe lived was one of gigantic basic undertakings in the new republic of the United States. He was graduated from the College of William and Mary in 1776 and immediately joined the patriot army as a cadet in Mercer's regiment. He took part in the engagements at Harlem Plains, White Plains and Trenton. For his bravery at the battle of Trenton he was promoted to a captaincy and in 1778 was made aide to Lord Sterling. He later distinguished himself in the battles of Brandywine, Germantown and Monmouth. After the latter battle he left the army, studied law under Jefferson, and again took up arms when Virginia was invaded by Cornwallis. He identified himself with state politics and on account of his sterling qualities was sent to Washington as United States senator from Virginia. He was then made minister to France, but was recalled in 1796 because of his opposition to the Jay treaty. In defense of his conduct he published the whole diplomatic correspondence with his government while he was in Paris. From 1799 to 1802 he was governor of Virginia. He received the nomination for president of the United States at the hands of the democratic congressional convention March 16, 1816, was elected and inaugurated the following March. President Monroe was on terms of great intimacy with General Jackson, who advised him to disregard party lines in appointing the members of his cabinet. Monroe, however, preferred to adhere to the policies of Jefferson and Madison and appointed only those of his own political faith. After his first term, so faithfully did President Monroe adhere to the promises of his inaugural address, that he was re-nominated and was re-elected by almost unanimous vote in the electoral college. During his administration he recognized the independence of several of the South American states, and in his message to congress, December 2, 1823, he declared the principle which is now known as the Monroe Doctrine.

CLEVELAND MAKES HOLIDAY TODAY

CELEBRATES ESTABLISHMENT OF THE 3-CENT FARE

CARS ARE ALL FREE TODAY

April 27 Will Hereafter Be Celebrated as an Annual Holiday in Cleveland

CLEVELAND, O., April 28.—In celebrating traction peace all Cleveland is riding free today. For twenty-four hours beginning at midnight, the fare registers will be disconnected and every person can ride at will. In addition to this the Municipal Traction company, which will hereafter operate all the street cars as a holding company, has announced that "Traction Day" will be celebrated yearly. Hereafter, however, the holiday will be April 27, for on that day traction peace was legally proclaimed. The Municipal company took over all the competing lines at midnight. Within three days the 3-cent fare will be effective.

GOULDS AT PEACE.

NEW YORK, April 28.—Mrs. Frank Gould is quoted today as saying that the misunderstanding between herself and husband has been patched up.

ANOTHER BRITISH WARSHIP SMASHED

DESTROYER CUT IN TWO BY LINE OF BATTLESHIPS

THIRD COLLISION FOLLOWS

One Death in Disaster Attending the Maneuvers of English Fleet in the North Sea

HARVICH, Eng., April 28.—The British torpedo boat destroyer Gala was run down and cut in two by the warship Attentive. The collision occurred off Kentish Knock, in the North Sea. The torpedo boat destroyer Ribble also was in the collision, and returned to Sheerness with two compartments full of water. The flotilla was engaged in night maneuvers when the accident occurred. Engineer Lieutenant Frank A. Fletcher of the Gala went down with the ship, but there was no other loss of life.

MURDER UP FOR LIFE.

ST. LOUIS, April 28.—Having confessed to the murder of two men, John Steltz, alias John Clark, arrested a month ago on a charge of killing Theo Sotham, formerly of Valparaiso, Ind., was sentenced today to a life term in the penitentiary.

BIG SAENGERFEST CONCERT-RECITAL TO PACK THEATER

GREAT CHORUS OF 200 VOICES TOMORROW NIGHT

THE PRICES ARE POPULAR

Kreutz's Orchestra, Five Talented Soloists and Male Chorus of 75 Are Other Big Drawing Cards

A delightful prelude for the 1908 Saengerfest is offered for tomorrow night by the La Crosse Saengerfest association, when a recital and concert for the benefit of the society will be tendered at La Crosse theater.

Among the features which offer the most accurate forecast of the greatest musical event La Crosse has ever entertained is the mixed chorus of 200 voices. This will be identical with the mixed chorus to sing with the 2,000 singers from other cities in the great chorus at the big July meeting, as will also the male chorus of 75 voices which will appear tomorrow night.

Five Soloists.

The program of solos is one of exceptional attractiveness. Miss Alma Hosley and Messrs. Utermoehl and Forseth presenting the vocal numbers, with Prof. Arthur P. Thomas as pianist and Joseph Kreutz rendering a piccolo solo.

Kreutz to Take Part.

Kreutz's full orchestra of 25 pieces will be a treat, and the efficiency of that organization is certain to add materially to the success of the event.

A Splendid Aggregation. Multiply tomorrow night's performance by 10, or reflect that it represents but one-tenth of the whole, and the recital will give patrons an idea of the magnitude and magnificence of the coming event. Indeed, with the major musical performance still nearly three months

SANTA BARBARA GIVES THE FLEET A COLD SHOULDER

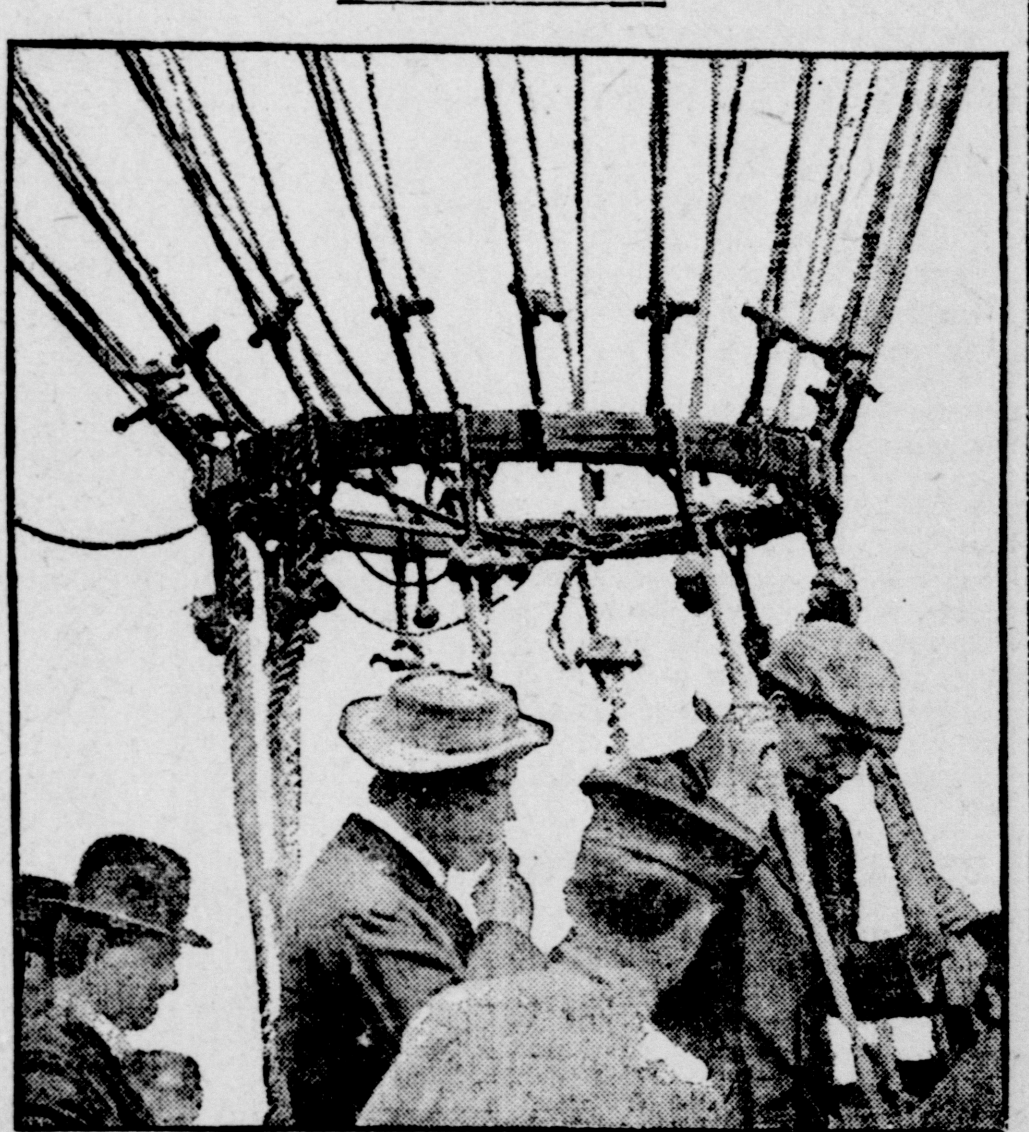

SANTA BARBARA, Cal., April 28.—Scant courtesy to the officers and enlisted men of the Atlantic fleet is the record of the first day's official fun making here in honor of the arrival of the vessels. The price of everything purchasable has soared. It cost \$12 a day for a room in a hotel, ten cents for a postal card, ten cents for a piece of pie. When Admirals Thomas, Sperry and Emery and their subordinates returned the visit of the mayor, there were fewer members on the reception committee than of the officers and their staffs. The admirals today were presented with a box of crystallized fruit and a pot of carnations. The sailors are not happy. Today they wired Mayor Harper of Los Angeles: "Nothing doing here, get us transferred back to Los Angeles."

In striking contrast to the scanty treatment of the men of the fleet, society was royally entertained at the exclusive cottages and hotels.

PRESIDENT SENDS ANOTHER MESSAGE

ACCEPTS LIABILITY LAW AS A MAKESHIFT

INJUNCTION ND TRUST LAW

Roosevelt Wants These Matters Attended to—Congress Pays No Heed to Message

WASHINGTON, April 28.—In a special message sent to congress today the president renews his exhortation for activity in legislation along certain needed lines. He accepts the Sterling liability bill as a makeshift better than nothing, and hopes it may be improved by amendment in the future. He urges action along the line of his former recommendations affecting the use of the injunction in labor troubles, and bends his energy upon a plea for a revision and improvement of the laws affecting government control of corporations, citing the Minnesota case decision of the supreme court as evidence of the absolute necessity of such legislation.

The Desired Legislation

The legislation which the president wants, the message recommending which was received with scant courtesy by congress, may be summarized as follows: Recompensing all employees who suffer injury while engaged in the public service.

A child labor law for the district of Columbia.

That the waterways commission will be continued with sufficient financial support to increase the effectiveness of its preparatory work.

Providing for such investigation into tariff conditions as will enable the next congress to take immediate action in revising the tariff.

The message of the president in full follows:

TO THE SENATE AND HOUSE OF REPRESENTATIVES: In my message to the congress of March 25, 1908, I outlined certain measures which I believe the majority of our countrymen desire to have enacted into laws at this time. These measures do not represent by any means all that I would like to see done if I thought it possible, but they do represent what I believe can now be done if an earnest effort toward this end is made.

Law Good but Insufficient. Since I wrote this message, an employers' liability law has been enacted, which it is true, comes short of what ought to have been done, but which does represent a real advance. Apparently there is good ground to hope that there will be further legislation providing for recompensing all employees who suffer injury while engaged in the public service; that there will be a child-labor law enacted for the district of Columbia; that

N.Y. ARCH DIOCESE NATAL DAY TODAY CELEBRATED IN AN IMPRESSIVE WAY

PRINCES OF THE CHURCH TAKE PART IN CEREMONY

500 PRIESTS IN ATTENDANCE

HIGH PONTIFICAL MASS IN ST. PATRICK'S CATHEDRAL

POPE'S BENEDICTION GIVEN

Message from Rome and One from President Roosevelt Congratulate Cardinal Upon Event

NEW YORK, April 28.—This was the big day of the centenary of the establishment of the Roman Catholic Arch Diocese in New York. Two princes of the church, several cardinals, a dozen archbishops, half a hundred bishops, monsignors and priests of lesser degrees to the number of more than 500, were the chief actors in today's proceedings. The feature was high pontifical mass celebrated in St. Patrick's Cathedral by Cardinal Logue, at which Cardinal Gibbons preached the sermon. There were two processions for the cardinals. Two thrones have been erected inside the cathedral, the regular one occupied by Logue and a smaller one by Gibbons.

Pope's Benediction

Following mass, the apostolic delegate read the papal benediction, which was sent through him to Archbishop Farley and the Catholics of the diocese. It was dated April 9th. Among messages brought by Farley was the following from Roosevelt: "My dear Archbishop, let me take occasion on the celebration of the 100th anniversary of the diocese of New York to extend you my hearty congratulations and my warmest good wishes for the future of yourself and your diocese. Sincerely, Theodore Roosevelt."

ANTI-BRYAN AND BRYAN FORCES FIGHT

TRENTON, N. J., April 28.—Today's democrat state convention promises to be marked by one of the bitterest fights ever waged between the factions headed by former Senator James Smith, Jr., and Robert Davis, rivals for the state leadership. Smith wants an unqualified delegation to Denver with the unit rule enforced to work for the defeat of Bryan. Davis wants the delegates instructed for Bryan or sent to the convention free.

ARBITRATE THE STRIKE

WASHINGTON D. C., April 28.—Mediation under the provisions of the Erdmann act will be employed to gring about a settlement of the traction employees' strike at Chester, Pa. Chairman Knapp of the interstate commission and Commissioner of Labor Neill have decided to accept the invitation to act as mediators.

The Cardinals found an easy victim in the Cincinnati Reds yesterday. Beebe pitched for the Cardinals and allowed but seven scattered hits, resulting in two scores, while Ewing and Spade were touched up for 14 hits and 9 scores. Konethy at four times at bat got one hit and a sacrifice. The White Sox took easy money from the St. Louis Browns up to the ninth inning. In the ninth Owen was knocked out of the box after four scores had been taken from him, but Smith was given the box and held the Browns down before the danger point was reached. In the American association the Brewers played horse with Armour's Pets and by the end of the ninth inning the score board registered 14 to 4.

A Simple Test Which Any Reader of this Paper May Try

Do you know whether you are inclined to, or have kidney trouble? Have you ever tried the simple test of setting aside your urine in a bottle or vessel for twenty-four hours? A sediment or settling in the urine indicates a diseased condition. Science has today furnished proofs that all the purifying that your blood needs; in fact, all that can be done, must be done by your kidneys. They are the most important organs, because they filter and purify the blood. The kidneys strain or filter out the impurities in the blood—that is their work. When your blood is impure, nothing can purify it but your kidneys. To overcome these troubles take Dr. Kilmer's Swamp-Root, the world famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered. If you mention our paper and write Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, they will send it free by mail. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys.

SPARTA BALL TEAM COMING SATURDAY

SPARTANS WILL COME HERE NEXT SATURDAY

GAME SCHEDULE ARRANGED

Ben Brindley is Made Manager and Gets Out a Plan of Games; Other News of the High School

The Sparta high school baseball team will play the La Crosse high school team on the home grounds next Saturday afternoon. The game promises to be an interesting one as the two schools are old rivals in both athletics and intellectual contests. A return game will be played at Sparta on the afternoon of May 30, Decoration day, at Sparta. Ben Brindley was appointed manager of the baseball team for the season and has completed a schedule: May 2—Sparta vs. La Crosse at La Crosse. May 9—Winona at Winona. May 16—Bangor at Bangor. May 30—Sparta at Sparta. June 6—At Winona. June 13 and 20—Open dates.

Six Men Win Numerals at Basketball The High School Athletic association has awarded the letters to six men for good work in basketball. Most of them already have them for football. Those who were awarded the letters are Hugo Schalbach, Ralph and Charles Bradish, A. Dahlgren, A. Larson and Wallace Tontelotte.

Coach Committee Appointed A committee of 6 was appointed to select a coach for the coming football season at the A. A. meeting held in the high school auditorium last night. The committee is composed of two business men, two members of the faculty and two men from the last season's football team.

Hall Entertainment The recital given by Mr. Hall at the high school auditorium Saturday evening was a great success. A large crowd was present and those there were well repaid for coming. Mr. Hall rendered some very entertaining selections and kept the audience in good humor throughout the whole evening. In addition to his program two pleasing piano selections were rendered by Miss Lois Hallik and also a few vocal solos by Miss Lena Weimar. The entertainment ended Mr. Hall's stay at the high school, where he has been giving lessons in elocution to the pupils of the school. His program was as follows: A Pair of Old Boys Maurice Thompson Daniel McConnel Wendell Phillips Innocence Abroad Mark Twain The Grading System of Education Dickens The Lost Word Henry VanDyke Captain Gadsby's Wedding Rudyard Kipling

GRUBBER GAME IS CANCELLED Good for football, but poor baseball weather. Nevertheless the players all donned their uniforms this afternoon and took to the league park, where some hard practice was indulged in. After seeing the players in action against a fast team like Dubuque, Piak is able to notice the weak spots in the players and during the next week special stress will be given to these faults, now numerous. "The boys put up a fine showing against Dubuque," said Manager Hawley. "The team work was excellent. They played together in a style that resembled the last game of the season instead of the first."

GRUBBER GAME IS CANCELLED

The next game will be played on Wednesday when the Colts will line up against the regulars, for a nine inning contest. The Smith Grubbers of La Crosse, which asked for a game Wednesday, has "cold feet" and cancelled the game, and as it is now too late to arrange another game, the Colts and regulars will have to battle. The game with Wausau scheduled for the 6th has also been cancelled, Manager Ferguson having received word from the president that he must report with his players at Wausau that date, and therefore will be unable to bring his warriors to La Crosse for a preliminary game.

WOOD PULP AND "UNCLE JOE"

The Tribune hopes that congress
may feel impelled to remove the tariff
from wood pulp. It should be re-
moved. Congress is practically a
unit in the opinion that it alone gives
the paper manufacturers the power
to maintain exorbitant prices for a
commodity which every newspaper in
the land must use more or less. "Joe"
Cannon, Dazell and other tariff
stand-patters oppose its removal in
the face of the unanimous demand
of the newspapers of the country that
it be removed. Why?

Well, would not the removal of
this tariff by a republican congress,
in order to "destroy a monopoly,"
be an admission that "the tariff is
another of the trusts?" And if the
removal of the tariff on wood pulp
resulted in a slump in the price of
paper, wouldn't the tariff wall on
things now monopolized by trusts be
smashed? Wouldn't the progressive
wing of the republican party at once
wipe the "stand-pat" element off the
map? And might not the democrats,
who have long and earnestly preached
tariff revision, triumph at the polls?

The tariff on wood pulp will not
be removed until congress dares to
defy Czar Cannon and Dazell and the
whole organization which the
trusts are maintaining in congress in
the guise of "representatives of the
dear people."

The businesslike way in which the
new park board is approaching its
duties is creating a distinctly confi-
dent and appreciative public senti-
ment. It can do little without popular
support. The members were
nicely selected for their individual
qualifications to deal with the import-
ant subjects upon which they must
pass, and The Tribune bespeaks for
them a patriotic co-operation in their
proceedings in behalf of the beauti-
fication of this city.

The extension of the Southeast-
ern to a new station is decidedly en-
couraging. It should be the purpose
of the La Crosse public and the people
along this line to encourage it
materially and morally, for upon its
success depends largely the possibili-
ty of other interurban roads being
projected with La Crosse as their
central depot.

I used to know a love-sick walt
in a moon schedule town,
And all day long that walt would
sing.

"I'll meter when the sun goes
down."

In refreshing contrast with the
apathy with which congress regards
such distasteful subjects as regulat-
ing the trusts and "tinkering" with

the "sacred tariff schedules," is the
alacrity with which the members
plunge into political debate or orate
over bills affecting the letting of pro-
fitable contracts for battleships and
other necessities of a nation's life.

Civilization suffers no loss by the
assassination of that picturesque rascal,
Raisuli, and the stability of in-
ternational relations is enhanced.
However, the lecture platform has
lost a promising possibility.

PHILANTHROPY AND DIVIDENDS.

(Charities and the Commons.)

Years ago it was thought that it
was impossible to unite business
and philanthropy in a large way. The
years, however, have demonstrated
the absurdity of the contention, since
the City and Suburban Homes com-
pany, New York, established com-
mercially and run with the idea of
affording a reasonable dividend to
the capital invested and giving to
tenants the highest advantages of
sanitation and comfort compatible
with reasonable rates of rent, has
been so successful that the com-
pany's investments now reach \$5,
500,000, and its dividend disburse-
ments are 4 1/2 per cent a year. I can
best measure for you the apprecia-
tion of its 2,000 tenants by refer-
ence to the fact that during the last
five years, while the amounts col-
lected as rents from the tenants of
its various estates were \$947,843.76,
the losses during the same period
from bad debts were \$1,456.89, or
the wholly insignificant proportion of
fourteen one-hundredths of 1 per
cent.

Stumps Stuyvesant Fish.

"A personal friend of Stuyvesant
Fish," who is a Wall street broker,
and who is also a personal friend of
E. H. Harriman, and has managed to
steer a middle course during the war
between the two men, received a
Harriman visiting card in the natural
course of social relations at a time
when the warfare was at its height.
"He never knew just how it hap-
pened, but several days later, desir-
ing to see Mr. Fish on business, he
called at the latter's house and
handed the butler a card from his
cardcase. A few minutes later Mr.
Fish appeared at the head of the
stairway and peered over the rail.
"Apparently started at what he
saw below, he started down slowly.
Half way down he stopped again,
and with a puzzled expression on his
face studied the visitor's card intently.
Then he proceeded the rest of the
way. His face was still screwed
up in a doubtful way when he re-
ached the drawing room, and it was
an awkward, hesitating way, holding
the card in one hand, that he ad-
vanced the other to his friend.
"Ned," he said, "I think there is
some mistake here."
"Where?" asked the friend. "What
do you mean?"
"This," said Mr. Fish, handing
over the card.
"His friend took it and glanced at
the face. It bore the name of E. H.
Harriman."—New York Press.

FASHION HINTS

By MAY MANTON

One-day a celebrated advocate was
arguing before a very rude old Scotch
judge, who pointed with one fore-
finger to one of his ears and with
the other to the opposite one. "You
see this, Mr. X?" "I do, my lord,"
said the advocate. "Well, it just
goes in here and comes out there,"
and his lordship smiled with the hi-
larity of a judge who thinks he has
actually said a good thing. "I don't
doubt it, my lord," replied the ad-
vocate; "what is there to prevent it?"

5937 Chafing Dish Aprons, One Size.

Pretty, fancy aprons are much
used just now for the fashionable
chafing dish functions, and also for
the hours given over to fancy work
and similar employments. Here are
two that are charmingly attractive
yet perfectly simple and that can
be made from embroidered
Swiss, plain lawn, the pretty striped
muslins and all materials of the
sort. The tucked apron is prettily
shaped and tucked to give the gir-
dler effect while the princess apron is
made with full side portions and
plain front and is scalloped at its
lower edge. In the illustration both
are held by sashes of the material
but those of ribbon can be substituted
if better liked.

The tucked apron is cut in one
piece and can be finished in any man-
ner preferred. The princess apron
is made in three pieces and is at-
tached to a belt while as illustrated it
is finished with a gathered frill at the
lower and side edges.

The quantity of material required
for the medium size is 3/4 yards 27
or 36 inches wide for either apron,
with 2 1/2 yards of insertion and 6
yards of edging for the tucked apron,
2 3/4 yards each of insertion and lace
for the princess apron.

The pattern 5937 is cut in one size
only and will be mailed to any ad-
dress by the Fashion Department of
this paper on receipt of ten cents.
(If in haste send an additional two
cent stamp for letter postage which
insures more prompt delivery.)

SPOTLIGHTS

Mr. Fred Smith as "Zebulon Toodles," the Old Fiddler

In the "Singin' Skule Begiment"
at the Y. M. C. A. hall next Thursday
night, April 30th, when this very
funny entertainment will be pre-
sented under the auspices of the Y. P.
C. U. of St. Paul's Universalist
church with about forty local people
in the cast. The seats will be on
sale for exchange at Hebbard's
drug store tomorrow morning. There
has been a good sale of tickets and
indications are that the Y. M. C. A.
hall will be filled. The "Singin'
Skule" is a laugh maker and if one
wants to forget his cares, the "Be-
giment" will drive them away.

At the Bijou

An attractive program is on the
boards at the Bijou for the first half
of the week, an innovation that will
be likely to find great favor, being
that the program undergoes a com-
plete change on Thursday. Richard
Burton, "Australia's eminent act-
or-vocalist," opens the bill with his
dramatic songs. Mr. Burton has a
strong voice, and interprets with fer-
vor. He makes a good impression.
Short and Edwards in their musical
comedy sketch, have an interesting
stunt which is good from start to
finish. Mr. Short is an excellent
Dutchman, and the comedy of the
punch cannot fail to please. All the
musical bits are clever and evidently
much enjoyed.

Lois Cecile Hobson, a "singing
comedianne," has a decidedly pleas-
ing voice and sings with expression.
Miss Hobson seems to be suffering
with a heavy cold, in spite of which
her singing was excellent. The head-
liners this week are Zamloch & Co.,
in a sketch entitled "Humorous Spir-
itua Mysticaria." This turn is very
fascinating and full of surprises.
The ordinary "magician" stunt is
worn out, but Mr. Zamloch intro-
duces quite a few new sensations and
the humorous part, which is furnish-
ed by the extremely leisurely assist-
ant, is really funny. This turn will
remain through the second half of
the week as well.

The moving pictures are both mys-
tical and practical, the first one called
"The Flower of Youth," contain-
ing many electrical effects and bril-
liant coloring, and the second one
by the title of "Caught," depicting
an attempted bank invasion. Milton
Kerr has a touching illustrated song
this week, "Is It Many Miles to
Heaven," which makes a great hit.
The usual good accompanying is in
evidence.

Bad Symptoms.

The woman who has periodical head-
aches, backache, sees imaginary dark
spots or specks floating or dancing before
her eyes, has gnawing distress or heavy
full feeling in stomach, faint spells, dragg-
ing-down feeling in lower abdominal or
pelvic region, easily startled or excited,
irregular or painful periods, with or with-
out pelvic catarrh, is suffering from
weakness and derangement that should
have early attention. Not all of above
symptoms are likely to be present in any
case at one time.

Neglected or badly treated and such
cases will run into maladic unduly ex-
tending the surgeon's knife if they do not
result fatally.

No medicine extant has such a long
and unbroken record of cures in such
cases as Dr. Pierce's Favorite Prescrip-
tion. No medicine has such a strong
professional endorsement of each of its
several ingredients—worth more than any
number of opinions from non-professional fac-
tionalists. The very best ingredients
known to medical science for the cure of
woman's peculiar ailments enter into its
composition. No alcohol, harmful, or
habit-forming drug is to be found in the
list of its ingredients printed on each
bottle wrapper and attested under seal.
In any condition of the female system,
Dr. Pierce's Favorite Prescription can be
used with perfect safety. Its whole effect
is to strengthen, invigorate and regulate
the whole female system, and especially
the pelvic organs. When these are der-
anged in function or affected by disease,
the stomach and other organs of digestion
become sympathetically deranged, the
nerves are weakened, and a long list of
bad, unpleasant symptoms follow. Too
much must not be expected of this "Fav-
orite Prescription." It will not perform
miracles; will not cure tumors—no med-
icine will. It will often prevent them, if
taken in time, and thus the operating
table and the surgeon's knife may be
avoided.

Women suffering from diseases of long
standing, are invited to consult Doctor
Pierce by letter, free. All correspondence
is held as strictly private and secretly
confidential. Address Dr. R. V. Pierce,
Buffalo, N. Y.

MIX FOR RHEUMATISM

The following is a never failing
remedy for rheumatism, and if fol-
lowed up it will effect a complete
cure of the very worst cases. "Mix
one half pint of good whiskey with
one ounce Toris Compound and add
one ounce Syrup Sarsaparilla Com-
pound. Take in tablespoonful doses
before each meal and at bed time." The
ingredients can be procured at any
home.

OUR NEW YORK LETTER

NEW YORK, April 27.—Because
his leg had to be amputated after
the poor brand of prayer offered by
Julius Benjamin, a Christian Sci-
entist of 343 Seventh street, failed to
heal a sore toe, where the gangrene
started, a jury in the supreme court
awarded Solomon Raisler of 1517
First avenue, a verdict of \$20,000.

Raisler, who sued for \$25,000,
claimed that in March, 1904, he went
to Benjamin to be treated for his toe,
and up to June 6 paid him in all \$76,
but he finally had to go to the Pres-
byterian hospital, where the leg was
removed.

Benjamin admitted he is a Chris-
tian Scientist, and that he did at-
tempt by prayer to treat Raisler's
sore toe, but denied the charge of fraud.

This curious document, thirty-two
years old, was found in a sealed
drawer in an old safe in the finance
department.

City of New York,
Department of Finance.

February 4, 1876.

Hon. A. H. Green, Comptroller:
Sir—Enclosed please find \$10,
which is bribe money received from
J. R. Wright. There is a drive in
it, I think, and should be kept a se-
cret at present. Yours truly,

A. D. FORD.

Two \$5 bills were pinned to the
paper.

The writer was in the finance de-
partment a long time and died not
long ago. The J. R. Wright is not
known to Comptroller Metz, who,
however, will make an investigation
of the matter. Andrew H. Green
was then comptroller of the city.

The chorus boys of the New York
university annual show, "Cap'n Kidd
& Co.," who went on strike because
their names were not placed on the
programs and no free tickets were
distributed, won a sweeping victory,
when the executive board of the dra-
matic club gave in to both of their
demands.

The meeting was held in the col-
lege gymnasium at University
Heights and red hot speeches were
made by the "chief pirate," A. J.
Macgrath, '09, who pictures the
wrongs of the chorus lads.

New York, politically speaking, is
nothing if not treacherous. Both par-
ties have held their conventions. The
publicans half-heartedly indorsed
Hughes though the bosses had
enough votes to defeat resolutions.
The democrats met and after a con-
vention that resembled a riot de-
cided not to instruct for anyone. So
much for the conventions.

Though the "sovereign votes" of
the two parties are supposed to have
acted, both the democrats and the
republicans are meeting today—of
course altogether informally—to see
what they will do. New York has
been called the critical state for years
but today the issues with both par-
ties, is not whether they will control
the nation but whether they can hold
the jobs and the graft.

New York newspapers today are
showing the ill effects of the race
track by this example:

Daniel L. Delaney, twenty-six
years old, of 848 Lincoln place,
Brooklyn, who a week ago, in plead-
ing guilty to an indictment of grand
larceny in the first degree, said that
he had taken his first step down-
ward at the Carter handicap a year
ago, taking his employer's money to
play a "sure thing" that went wrong,
today was sentenced to not less than
six years and six months in state
prison and not more than ten years.
Delaney was clerk for Henry E.
Coe, lawyer, 69 Wall street. He
pleaded guilty to cashing a check
for \$541.60 and keeping the money,
but the aggregate of thefts charged
against him was \$60,000.

AN EXPLANATION OF BRYAN.

(World's Work.)

"He is the only man who ever got
a presidential nomination by a single
speech. He was the youngest
presidential candidate ever nomi-
nated by any great national party. If
the democratic party again accepts
his candidacy he will be the only man
who has ever been nominated for
president after having been twice de-
feated. He is the only man who has
ever been able to retain party leader-
ship without any prestige of party
success to sustain his influence.

"The explanation of all this is
that the people are in revolt against
the dishonesty of the system. They
are delighted to find a good stick
to strike at it. And that is the sig-
nificance of Mr. Bryan. He is the
effect of public uneasiness of a kind
which, in the constitutional history
of our race, has always been a per-
manent factor. A certain stage of political
development has been reached and
that a new advance is about to take
place."

A PRACTICAL EXPLANATION

(Catholic Standard and Times.)

"Ah!" sighed the soulful young
woman, sniffing the balmy air,
"there's no mistaking the spirit of
spring in this glorious morning. How
mysterious is the pungent perfume in
the air."

"But," suggested the practical
young man, "maybe that pungent
smell ain't so mysterious after all.
I think it's the camphor oil the last
year's suits so many fellows are
wearing today."

THE PAUPER OF PARK LANE

By William Le Queux

"No," was his reply.

"What? And haven't you endeav-
ored to find out her whereabouts?"
cried Max, staring at him. "If Mar-
ion had disappeared, I think I should
have left no stone unturned in order
to discover the truth."

"I have tried to solve the mystery,
and failed," was his rather lame re-
sponse.

"But where are they—where are
they? It's most extraordinary that
the doctor should not send me
word in confidence of their secret
hiding place. I was his most inti-
mate friend."

"Well," he said, "The fact is that
until this moment I believed you
were well aware of their whereabouts
but could not, in face of your friend-
ship, betray them."

Max looked him straight in the
face. Was he lying?

Such a statement was, indeed, in-
genious, to say the least. Yet how,
recalling that he had left the empty
house in secret, could he believe
that Max knew the truth and was
concealing it? Was it really pos-
sible that he was in ignorance, Barclay
thought. Had he gone to Cromwell
Road expecting to find the doctor
at home, just as he had done? If he
had, then why had he crept out of
the place and made his escape so
hurriedly?

Again, he recollected the result
of the search in company with the
man from Harmer's, and the find-
ing of the open safe. Somebody
had been there after his visit; some-
body who had robbed the safe! That
person must have been aware of the
departure of the doctor. Who was it
if not the man seated there before
him?

"Well, Rolfe?" Max remarked at
last. "You're quite mistaken. I
haven't the slightest notion of where
they are. I've done my best to try
and discover some clue to the di-
rection of their flight, but all in
vain. The more I have probed the
affair, the more extraordinary and
more mystifying has it become."

"What have you discovered?" asked
Charlie quickly.

"Several strange things. First, I
have found that the furniture was
removed in vans with the name of
Harmer's Stores, but they were not
Harmer's vans. The household goods
were spirited away that night, no-
body knows whither."

"And with them the doctor and
Maud?"

"Exactly. But—well, tell me the
truth, Charlie. Have you had no
message of whatever sort from
Maud?"

"None," he replied, his face full of
pale anxiety.

"But, my dear fellow, she loved
you, did she not? It was impossible
for her to conceal it."

"Yes, I know. That's why I can't
make it out at all. I sometimes think
that—"

"That what?"

"Well, that there's been foul
play, Max," he said hoarsely.

"You know what the people of
those Balkan countries are—
so many political conspirators in
every walk of life. And the doctor
was such a prominent politician in
Servia."

Was he telling an untruth? If so,
he was a marvellous actor.

"Then you declare that you have
received no word from either Maud
or the Doctor?"

"I have heard nothing from them."

"But, Charlie," he said slowly,
"has it not struck you that Marion
knows something—that if she liked
she could furnish us with a clue to
the solution of the mysterious af-
fair?"

"Yes," he said, his face brighten-
ing at once. "How curious! That
thought struck me also. She knows
something, evidently, but refuses to
say a word."

"Because she is Maud's most inti-
mate friend."

"Yet she ought, merely to set my
mind at rest. She knows how fondly
I love Maud."

"What has she told you?"

"She's merely urged me to be pa-
tient. That's all very well, because
I feel sure that if Maud were allowed
to do so she would write to me."

"Her father may prevent her. He
does not write to me, remember,"
said Max.

"I can't understand Marion; she is
so very mysterious over it all. Each
time I've seen her I've tried to get
the truth from her, but all in vain."

Rolfe declared. "My own idea is
that on the night in question, when
they went together to Queen's Hall,
Maud told Marion something—some-
thing that is a secret."

Max pondered. His friend's ex-
planation tallied exactly with his own
theories; but the point still remain-
ed, whether or not there had been
foul play.

"But why doesn't the Doctor send
me word of his own safety?" asked
Barclay. "I was with him only a few
hours before, smoking and chatting.
He surely knew then of his im-
pending flight. It had all been most
ingeniously and cleverly arranged."

"No doubt. When I knew of it I
was absolutely staggered," Rolfe
said.

It was curious, thought his friend,
that he did not admit visiting the
house after the furniture had been
removed.

"I thought you left at nine that
night to go to Belgrade. Marion
told me you had gone," Max re-
marked.

"Yes. I had intended to go, but
I unfortunately missed my train. The
next day the old gentleman sent
somebody else, as he wanted me at
home to look after affairs up in
Glasgow."

"And how did you first know of
Maud's disappearance?" asked Max.

thinking to upset his calm demean-
or.

"I called at the house," he replied,
vouchsafing no further fact.

"And after that?" Hax inquired,
recollecting that telltale stain upon
the woman's bodice.

"I made inquiries in a number of
likely quarters, without result."

"And what's your theory?" Max
asked, looking him straight in the
face, now undecided whether he was
lying or not.

"Theory? Well, my dear fellow, I

RESUME WORK ON KANE STREET

The La Crosse Stone company has resumed paving Kane street from Logan to Livingston and is hauling stone to the scene. The work was started last fall but cold weather prevented the finishing of the contract which was held over to this spring. The work will now be rushed and the contractors expect to have it finished in a few weeks.

CAR IS PUSHED OVER HIS FOOT

ROY BERTHONG HURT WHILE REPLACING STREET CAR

THREE TOES ARE MANGLED

Car Leaves Track at Curve on Cass Street and in Helping Replace it the Conductor is Injured

While helping to put a derailed street car back onto the track, Roy Berthong, a conductor for the City railway, got his foot caught beneath the wheels and before he could escape three toes were cut off.

The car was derailed while rounding the bend at the corner of Fifth and Cass streets about 10:30 this morning. Berthong together with others was working about the car in an effort to replace it. His foot slipped under the wheels while the car was slowly moving. He shouted for help, but before aid could reach him the wheels had passed over the foot. He was taken to the La Crosse hospital immediately, where it was found that three of the toes were mangled.

SAY LIGHT ROLLER MEANS BAD STREETS

Why doesn't the city make use of the 16-ton street roller that is laying idle at the North side city scales?

This question is one that has been asked by numerous North riders and no other solution of the problem can be found other than the contractors claim it presses the paving "down too far."

The roller that is being used by the city at present is a modern 8-ton roller and consequently the paving is about one-half as firm as that rolled by the larger. The difference in a block, between the amount of rock used when rolled with the 8-ton and the 16-ton, amounts to quite a sum, according to people well up on paving. It is also claimed that streets that are rolled with the light roller are not as lasting as the others. "In fact," said one man, "when they are rolled with the 8-ton roller it takes nothing more than a severe rain to wash holes in them, and they are constantly in need of repairing, while it has been proven where the 16-ton roller is used the streets last better, and make better streets in every way."

REV. SANDERS NOT LIKELY TO RETURN

George B. Marvin has received a letter from the Rev. L. L. Sanders, pastor of the Tabernacle Baptist church, in which he states that as far as he knows personally his condition is improving steadily. He adds, however, that he is not certain as to whether or not he can return to the North side May 1.

Soon following the letter of the Rev. Sanders, Mr. Marvin received one from his father, W. L. Sanders. In this letter his father states that he is greatly overestimating his own strength and that there is but little improvement in his condition.

It is not thought likely that he will be back and able to resume his duties by May 1.

IOWA CITY ALLOWS FRESHMEN ON TRACK

IOWA CITY, April 28.—The Missouri Valley conference has decided to allow the freshman teams in the various institutions to compete with those of other schools. The only dissenting vote to the proposition was that of Washington university of St. Louis. That institution, however, will put teams in the field composed of the first-year men, since the proposition has been passed. Iowa will put a freshman track squad in the field and will hold a dual meet with Coe or Cornell in the near future.

Now only Bangor and West Salem are left in the race and which shall it be?

OUR DOVE OF PEACE IN MIDST OF BOTHER

CITY OF MEXICO, April 28.—With Honduras and Guatemalan troops concentrated along their respective borders and a Mexican force ready to invade Guatemala on short notice, United States Peace Envoy Buchanan's Central American mission seems destined to failure. Just what has been the upshot of Buchanan's conferences here with President Diaz is unknown. Today the peace envoy is closeted with Gov. Creel of Chihuahua, who came here to advise him relative to Central American conditions, and perhaps to accompany him on his trip. The general impression is that Mexico is sparing for time, preferring not to come itself to a peace agreement until it is satisfied it will not be embroiled in the threatened flare up in the lesser republics.

MOROCCO AGAIN FEARS PRETENDER

PARIS, April 28.—Alarmed by Tangier reports that Fez is virtually in the hands of fanatical Moslem bands, who threaten the sacking of the foreign consulates, the French government is keeping every line of communication into Morocco hot with demands for definite information. The country is in such a state of confusion, owing to a renewal of the activity by Mulai-Hafid, the pretender, that nothing has yet been learned to a certainty.

GET WANTED CASHIER

LOS ANGELES, April 28.—Fredrick Lubbe, absconding cashier of the First National bank of Dillsboro, Ind., was arrested in a cheap lodging house last night after an exciting attempt to escape. Detectives who suspected him were searching his room when he entered. At sight of the officers Lubbe tried to leap through a third-story window, but was captured and admitted his identity. He disappeared from Dillsboro last August, and was indicted for the theft of \$14,000.

FORUM

West Salem, Wis., April 26, Editor Tribune:

For the past month I have been anxious to see the Tribune every day and turn immediately to the column headed "Forum."

The question in regard to the location of the new "Agricultural School" has brought out some very interesting articles, also some that were very ridiculous.

We were all well pleased with the action of the county board when they decided to establish one of these schools in La Crosse county. We all felt that we needed it and that it would do much to advance agriculture in this locality.

After deciding that we were to have one of these county schools the question of location became important. This should be settled in but one way.

Politics should be left entirely out. Two often this has taken an important place in such affairs with the result that the good that might have resulted, had a fair decision been given, has been a detriment instead.

Neither should personal influence locate the school just because one member on the board has more friends than some of the rest, is no reason why his locality should have the school.

What then should determine its location? The object of the institution is to give agricultural instruction. And where is this most needed and where will it do the most good? Most certainly in an agricultural community.

That simple reason then should eliminate the city of La Crosse from the race. They resent it greatly when they are spoken of in any terms except those applied to a metropolis. Then why should they want a school to teach them agriculture. If it is because they want to obtain the manual training and domestic science departments, why not spend the money their capitalists are willing to donate to the cause of the school, to the above departments already started in the public schools.

Then Onalaska citizens have come forward with their offers and they have been very generous indeed. But what has Onalaska to offer other than the site. Her citizens talk a great deal about the beautiful knoll on which to locate the building. The elegant view of Black river and the Minnesota bluffs. Then to the south are the church spires looming up among the smoke stacks. All this is very well but it is not agriculture.

Instead of gazing to the distance take a look downward and what do you see? Sand, yes and sand-burrs. They tell us this soil is ideal in view of the fact that the canning industry is so popular there. Very well but is canning the most important branch of agriculture. It is really a small branch and carried on in a very small section of this rich county.

Her facilities for handling the pupils are also the best, according to her notion. From the eastern section of the county pupils would have to leave before sunrise and could not return until after 10 p. m. To be sure they have an electric line to La Crosse but the service is so poor that the citizens were compelled to call on the state commerce commission to help rectify matters. The Burlington and Green Bay do not strike very much farming country in our county.

Now only Bangor and West Salem are left in the race and which shall it be?

Both want it and in some ways either one could handle it to advantage but which is the best fitted for it. Both are situated in the richest section of the county. Their railroad privileges are the same but still the towns are very different.

Bangor is a town that is owned by certain "interests" which we will admit have done much to advance the village and place it in the present position it holds. Still it is not always of advantage to have a town so controlled, especially when matters of a moral nature are at stake.

West Salem is not perfect but it is more independent and came near being a no-license town which should mean much to those who wish to send their children to school.

The soil in either place is ideal for "general farming" such as a school of that kind must teach. All sites are black loam, adapted to all crops and reasonably sure in all seasons either wet or dry, warm or cold.

Dairying and stock raising has given Wisconsin her rank in the Union and it is a high place too. Then why not adopt these two for La Crosse county as well and see if we cannot gain a higher position than we now hold.

Where could more and better object lessons in these lines be given than here at West Salem. What other town of its size ships an equal amount of stock? Where else is an equal amount of butter made? Only at one place in the state. Besides that large quantities of milk and cream are daily shipped into La Crosse.

The dairy herds represent all the recognized dairy breeds and some of the best of these breeds. Then, too, we have noted representatives of the beef breeds. Hogs are also a specialty here and many can bring the top prices on the Chicago market which speaks well for the breeders.

West Salem horses are also in demand and annually several cars are shipped out.

Of course if the old fair grounds are chosen it will mean the disbanding of the La Crosse Agricultural society. This will be regretted by some of the older members but it has outlived its usefulness. It has been a struggle for years between the "country fair" and the "city fair." Perhaps then we could all join hands and have a fair worthy of La Crosse county.

Wherever the school is to be located let the decision be fair and unprejudiced. Let each one on the committee consider the matter carefully. Let him place himself in the pupil's place and see which town he would rather live in and what surroundings would be the most helpful in the study of this great and wonderful subject, agriculture.

NELSON AGREES TO TERMS WITH GANS

SAN FRANCISCO, April 28.—Another meeting between Joe Gans and Battling Nelson, manager of the Dane, agreed to the terms laid down by the champion for a forty-five round go. He only stipulated that the \$5,000 Nelson is required to post should be covered by Gans at approximately the odds prevailing in the betting a few days before the bout. Gans agreed to this, under certain restrictions.

Nelson's \$5,000 is in the hands of Tom Corbett and Gans has named odds which he will not exceed. Nelson does not intend to consider any offer of twenty rounds with Gans.

There is some talk of delaying the Attell-Tommy Sullivan bout so as to have it fall just ahead of the other matches set for Fleet week here. Attell and Sullivan are still announced as opponents for April 30, however. Attell will be a warm-ringside favorite, as Sullivan, while seeming in good trim, has not figured in any recent battle.

MURDERER ARRESTED

CHICAGO, April 28.—John J. Herman, who the police declare is wanted in Denver in connection with the murder of a policeman in that city seven years ago, was arrested this morning as a fugitive from justice. The police declare Herman shot one policeman and wounded another when they caught him in the act of holding up a man in Denver. They also say Herman is John Harris, who was sentenced to ten years in Stillwater penitentiary for holding up a man in Minneapolis. Herman denies both charges.

ALIVE WITH SEINERS—It is stated by those in a position to know that scores of people are contemplating going into the sealing business this summer, owing to the immense profits realized by those who worked during the winter. There is a fear among the fishermen that the sealing law, allowing them to clear the river of fish, will be repealed at the next session of the legislature, and it is their intention to get all the fish out of the river and its tributaries before the lawmakers can remedy what is generally conceded to be their mistake.

WELL KNOWN OLD RESIDENTS WEDDED

Mr. Andrew Jensvold and Mrs. Ingebor Evenson were united in marriage at the home of Rev. Magnesson late Saturday evening. The affair was quiet and it was not until the next day that it became known to relatives and friends. Both the bride and groom are well advanced in years, the groom being 66 years of age and the bride 64. Mr. Jensvold is a prominent cigar maker, residing at 1732 Market street, and the couple will reside at that place.

MISS LAURGAARD AND MR. SHALLER ARE MARRIED

The marriage of Miss Mable Laurgaard to Mr. William Shaller took place last evening at 7:30 o'clock, at the German Lutheran parsonage, 410 West avenue south, Reverend Gamm performing the ceremony, after which a reception and dinner followed at the home of the bride's parents, Mr. and Mrs. O. Laurgaard, 408 North Fourteenth street. The bride was attended by the groom's sister, Miss Mathilda Shaller, and Mr. Rennebohm accompanied Mr. Shaller. Only relatives and a few intimate friends were present at the wedding repast, covers being placed for 20. The rooms were handsomely decorated, red, green and white predominating; and smilax, ferns and red and white roses were used with artistic effect throughout.

The dining room was especially pretty, a canopy of greenery daintily shading the table, and being caught up from each corner of the table to the center of the ceiling, where hung an immense ball of red roses.

In the center of the table was a bank of ferns, and on a plateaux rested a cut glass vase of the roses, while candles in brass holders, shaded in red and green shed a pretty glow over the appointments. Mr. and Mrs. Shaller left on the Burlington this morning at 3:35 for Minneapolis, and will start from there today for the west. They will make a short visit in Chinook, Monday and will then go on to their future home in Okanogan, Washington, where Mr. Shaller intends to start in business for himself. Mrs. Shaller has lived in La Crosse nearly all her life, and has a large circle of friends who will regret her departure. The gifts received by the bride were numerous and beautiful.

PLAY WILL BE GREAT SUCCESS

The rehearsals for the "Single Skule Regiment" which is being worked up by the Universalist young people, are progressing finely, and the directors, Mr. and Mrs. Willard, are delighted with the way the different parts are being taken by the local talent. It is as funny a thing as could well be imagined and the whole evening is interspersed with side splitting situations. The entertainment will be given in the Y. M. C. A. hall on Thursday evening and considerable interest is being shown in the affair.

MME. GADSKI'S APPEARANCE FRAUGHT WITH INTEREST

The coming event of Mme. Gadski's appearance should arouse the enthusiasm of every one who is interested, not alone in music, but in art and the opportunity to hear one of the world's greatest artists. To hear how she sings and how she presents one of her wonderful programs, to see, and for the space of two hours to be privileged to be in the company of one who spends her time between two continents, and who is a star attraction in the greatest opera house in the world. This then is something that does not come to even larger cities than ours, frequently, and should be taken advantage of as a matter of education and progress.

Mme. Gadski's popularity in her native Germany is indicated by the enthusiastic comments of the German press. "That there still exist singers who have the voice and style of true Mozart interpreters," says the Leipzig Tageblatt, "was proved by Mme. Gadski, whose Countess in 'The Marriage of Figaro' was an artistic revelation. Sad to relate this highly gifted artist is only an occasional visitor for she is bound by golden chains to the land of dollars. Her rare visits, therefore, cause joy—as well as tears of regret that this best of all Mozart singers is no longer our own Gadski. It would be fruitless to try to tell about the enthusiasm aroused by Mme. Gadski."

Mme. Gadski's coming May 14th, under the local management of Carl Noelke, is looked forward to as the treat of the season.

FIRST MARRIAGE UNDER NEW RULE

The marriage of Miss Victoria B. Buchan to Charles Spencer was solemnized at St. Mary's church Monday, Rev. Dean White officiating.

This is the first marriage to be held under the new regulations which went into effect Easter Sunday. According to the new rules the couple present to the officiating clergyman the written engagement now required. This has to be signed by the two parties and by two witnesses and is an agreement or promise to marry. This custom is recommended to all Catholic but it does not mean that a priest will not perform the ceremony unless the written engagement is made, but only that the engagement is not binding in an ecclesiastical sense without it.

Home-cooked beans are heavy and hard to digest, simply for lack of sufficient heat.

It requires a fierce heat to break down the fibre of beans, and you cannot apply it.

That is why beans must be factory cooked. That is why Van Camp's beans are better for you than yours.

Beans are the choicest of Nature's foods when they are rightly cooked

They are 23% nitrogenous—84% nutriment. They are even more nutritious than wheat.

Beans and wheat have about the same food value. But note what a difference in cost.

Instead of once a week, you will serve beans every day when you learn how delicious they can be.

Van Camp's pork and beans baked with tomato sauce

We use only the choicest of Michigan beans. The whitest, the plumpest, the fullest-grown—all selected by hand.

We use only vine-ripened tomatoes, and our sauce costs us five times what some sauce is sold for.

We use seven spices to season it.

That is why our beans are so meaty and nutty. All our sauce has that sparkling zest.

The beans, the tomato sauce and the pork are baked 90 minutes together

It is, thus that we get the delicious blend.

Our beans come to you just as fresh and as savory as when they came out of our ovens. Put the can in hot water and a steaming meal is ready to serve in ten minutes.

And such a meal! You don't know how good baked beans can be until you once try Van Camp's.

TELEPHONE FINANCIERING

While many independent telephone companies are finding it difficult to raise money needed for extensions and improvements of their plants the statement has recently been made by no less an authority than the head of the Bell system, Mr. Theodore N. Vail, that the Bell companies have been financed as far ahead as next year. These companies, as a matter of fact, are better off than ever before. Last year they made a gain of over half a million subscribers; their gross revenue rose to a point above \$114,000,000, and they have a plant uniform in character and national in extent which could not be replaced for less than \$70,000,000 in excess of its first cost.

The Wisconsin Telephone Company shares in this general prosperity. In making plans for the extension of the Bell system as a whole, the needs of the Wisconsin Company have been provided for and it is consequently in a position to meet the demands on its plant due to its rapidly growing list of patrons.

COUNTY FAIRS ARE IN THE LIMELIGHT

SOME MANAGERMENTS HAVE LOOTED STATE TREASURY

FALSE REPORTS RENDERED

Secretary of State Frear Begins Prosecutions and Invites State Meeting of Managers

MADISON, Wis., April 28.—(Special.)—That county fairs will no longer be given an opportunity to loot the state because of the state aid offered; that prosecutions are to be made where willful violations have been discovered and that a meeting may be called of the officers of all the county fairs to explain the laws in order that any previous bad practice may be stamped out in the gist of a letter which is being mailed out to fair officials today by Secretary of State James A. Frear.

During the past year the state paid \$83,926.89 to the aid of county fairs. In many instances the reports rendered by the county fair authorities have been found to be inaccurate and the mistakes have been corrected. In one case last week the presentation of an illegal certificate has resulted in a conviction and fine of \$50. Over \$800 was deducted by the state from the sworn statement furnished by that association.

Following is the letter of Secretary Frear mailed out today:

Secretary Frear's Letter.

"During 1902 there was paid by the state under section 1483 statutes of 1898 as amended, to local fair associations of Wisconsin \$83,926.89. The law provides that 40 per cent of an amount equal to the cash premiums paid, subject to the distribution, as to speed and other contests therein mentioned, shall be given in state aid. This provision is designed to protect exhibitors by compelling full payments of premiums, without deduction and to further protect the state from excessive entrance fees sometimes used to discount premiums at the time of payment.

Cheats Discovered.

"The large majority of state associations have co-operated with this office in carefully observing the law. Others have innocently rendered improper accounts, which were speedily corrected upon notice of the mistake. In two or three cases others have forwarded illegal accounts and improper certificates refusing to correct the same until payments were necessarily withheld under the law. A criminal prosecution resulting in a plea of guilty by one secretary has just been had, and a fine of \$50 for presenting illegal certificates resulted in his case.

Prosecution Necessary.

"Further prosecutions are under consideration in this one association in order to ascertain the responsibility of officers certifying to the correctness of fraudulent accounts.

"Over \$800 was deducted by the state from the sworn statement furnished by that association and it will be generally regretted by every reputable citizen that anyone would countenance such methods in order to secure illegal payments from the state.

State Meeting Urged.

"Requests have been received that the officers of the fair associations meet with representatives of this department in order to secure a more complete understanding of the law and to further the interests of the agricultural societies of the state.

"Secretary True and other members of the State Agricultural association have consented to attend any meeting that may be called for that purpose and while I cannot assume to request that such meeting be held, I shall be glad to render any assistance. If your societies conclude to hold any meeting and will express such a desire.

"Yours very truly,

"J. A. FREAR,

"Secretary of State."

LEAVES ON VISIT; RETURNS A MANIAC

Last Thursday George Amborn, age 27, left his farm near Mindoro in the best of health for a trip to Rockford, Ill., and as a result of being slugged while in that city is now en route to the Mendota asylum suffering with a severe case of dementia.

Word was sent his father from Rockford stating that the young man had met with an accident and when Amborn arrived on the scene found his son in a pitiable condition. The Rockford police are unable to solve the mystery, but admitted he was slugged. The young man was brought to La Crosse and examined last evening and found to be in a pitiable mental condition. The examination papers were taken to the home of Judge Brindley at 8:30 last evening and a commitment made out and he was taken to Mendota this morning.

FIREMEN HAVE DIAMOND READY

The firemen at Station No. 1 have leveled off the land adjoining the station, which was donated by Col. F. A. Copeland and now have an excellent field for action. As soon as the weather permits the men will start practicing and expect to arrange several out-of-town games during the coming summer.

HAWEY'S PLAYERS MADE A BIG HIT

The following comment of the Dubuque Times-Journal indicates the good impression made by Pink's boys in Dubuque Sunday:

"The result of the game did not suit the fans and there were no exhibitions of hilarity, yet none but the chronic kickers are croaking. Dubuque was outpitched and outbatted and that tells the story of the game in a few words. Only two Dubuque batters were able to connect with Eberly, the visitors' pitcher, while every man on the La Crosse team but one connected safely. Catcher Harms of the visitors was the batting fiend of the day. * * * La Crosse played a fast, snappy game in the field as well as at the bat and showed championship form."

Summary.

Two base hits—T. O'Brien, 2; Graves, Du Chien, Bues.

Three base hits—D. Miller, Hastings.

Bases on balls—Off Beisser, 1; off Gurney, 2; off Eberly, 1.

Hit by pitched ball—By Beisser, 1.

Hits—Off Beisser, 3; off Miller, 5; off Gurney, 3.

Stolen bases—Du Chien, Eberly, 2.

Double plays, Beisser to O'Brien; Eberly to Becker, to Tracy.

Sacrifice hits—Bues, Becker, 2; Eberly.

NO DISCRIMINATION AGAINST BUILDERS

In connection with the report, published in a Minneapolis trade journal, to the effect that La Crosse contractors have not had a fair chance to bid on the new Y. M. C. A. building to be erected here, A. E. Parkinson, of the firm of Parkinson & Docke lorf, says that the statement is false.

According to Mr. Parkinson, the plans are kept in the office of the architects here and if anything local contractors had a better chance than others to bid on them. That specifications have been offered outside bidders he denied.

FAREWELL PARTY

On Saturday evening a farewell party was given at Woodmen hall, at North La Crosse, to Mr. Harry Schneller, who leaves today for Milwaukee to join Dana's band at the Soldiers' Home.

Harry is a popular young man and his many friends gave him a very enjoyable time. Music, dancing and games was the program of the evening. The hall was beautifully decorated with electric lights, flags and bunting. As the guests entered a magnificent sign of "Welcome" met their view. About seventy-five couples participated in the event and all went home greatly pleased with their evening's entertainment.

The La Crosse Theater orchestra rendered the music. Harvey West accompanied Mr. Schneller to Milwaukee, where he also joins the band.

MARRIED TODAY

Miss Margaret Guertin and Mr. Jas. P. Luxem were united in marriage this morning at the St. Mary's Catholic church. Father White conducted the services. The couple were attended by Miss Nora Guertin, sister of the bride, and Mr. John Gallagher of St. Paul. They leave this evening for Pittsburg where they will make their home. Mr. Luxem is traveling representative of the Brown & Bigelow company of St. Paul.

The visiting guests were Mr. and Mrs. P. D. Casey Grafton, S. D.; Miss Mary Gallagher and John Gallagher of St. Paul; Miss Margaret Doherty and Arthur Luxem of Chicago; Mr. John Guertin of Des Moines, Ia.

MINERS MAY FIGHT

KANSAS CITY, April 28.—A continuation of the strike in the slushwestern coal fields seemed certain when the point convention of miners and operators was resumed here today. When the convention met the report of the point committee appointed to adjust the scale differences was ready for presentation. It recorded the disagreement. An effort will be made to reject it and continue negotiations. If it is accepted the strike will go on.

GOTCH-HACK MATCH.

LONDON, April 28.—Managers Morgan and Morley, respectively for Hackenschmidt and Gotch, met representatives today of the syndicate offering \$10,000 for a fresh match between the two wrestlers, and closed a tentative agreement for a meeting either in England or France. The date is yet to be fixed, and it is not known how the purse will be divided, but it is believed each will take half.

THRASH HORSE THIEVES.

ARMOUR, S. D., April 28.—Horse thieves are becoming a nuisance in this county. The latest to suffer was Julius Wirezorek at Hillsdale, eight miles northeast of Armour. The thieves stopped a few miles away at a dance, and the owner and his friends found them there, secured the animals and thrashed the thieves.

NUPTIAL KNOT TIED

At the home of Father Slayter this morning occurred the marriage of Miss Ida Krebs and John Weisman. The ceremony was conducted by Father Slayter and only relatives of the contracting parties were in attendance. They will make their home in the city.

SUPERVISORS TO HOLD FIRST REORGANIZATION MEETING

MANY VISIT BANGOR TODAY

Delegation of Bangorites Escort Supervisors to Their Home Where Entertainment is prepared

Things are coming down to "brass tacks" in the matter of the site for the county agricultural school, and there is a feeling among those interested that the board will reach a decision at its meeting tomorrow when the supervisors will reorganize. The site committee was in secret session this morning, formulating its report to the county board. This committee, however, does nothing except report its findings, and the selection will be made by the supervisors as a whole.

Today there was a large delegation of Bangor citizens in the city to escort members of the board of supervisors to Bangor on the noon train. There was a large number who went with the delegation to inspect the sites offered for the use of the school. Nearly all of the Onalaska supervisors took the trip, while several went from the city. There will be many present from the country districts, when the party reaches Bangor. The supervisors left on the noon train on the C. M. & St. P.

WAUSAU TEAM HERE FOR DINNER

Manager Ferguson and his bunch of Lumberjacks stopped over in La Crosse today and took dinner at the Hotel Law. They are enroute home after a hot trip through Iowa and Illinois. Manager Ferguson when asked as to the outlook of his bunch replied, "We have a fast bunch this year. One of the strongest aggregation of players ever representing Wausau. Our trip through Iowa showed that the Wisconsin league are a fast bunch, and I expect to land Wausau better than second place during the coming season. Places where we were weak during last season have been mended and there will be a surprise in store for the Illinois bunch this year."

The Wausau team has just completed a barn-storming trip through Iowa and Illinois and have been cleaning things right and left. After having dinner at the Hotel Law they left on the Burlington for Wausau.

LEAVE TO ATTEND GOLDEN WEDDING

Mrs. Amelia Graghorn and daughter, Mrs. J. H. Knothe and daughter, Laverno, left yesterday morning for Watertown, Minn., where they will spend a few weeks with Mrs. Graghorn's sister, Mr. Wm. Bludhorn. The celebrating of Mr. and Mrs. Wm. Bludhorn's golden wedding anniversary which takes place today, and the fact that Mrs. Graghorn has not seen her sister in the past forty-five years will make the occasion an enjoyable event. From there they will visit relatives at Howard, Minn., and on the return trip will stop off at Minneapolis for a few days' visiting with friends at that place.

Mr. and Mrs. Bludhorn were residents of La Crosse, Minn., in the early 50's and from there moved to Watertown, Minn., where Mr. Bludhorn entered into the general merchandise business but for the past few years his son, O. G. Bludhorn, has been conducting the business.

POLICE SEEKING A CHICAGO MISCREANT

CHICAGO, April 28.—A squad of police this afternoon is searching the Northwest side for a tall young man, who assaulted a 13-year-old girl last night and then choked her into insensibility. The child was found wandering in an alley early this morning. Her name is Ethel Grolling. She described her assailant as tall, well dressed and handsome. "The girl was sent on an errand by her parents at 10:30 last night. The stranger appeared suddenly from a dark alley, seized her and began to choke her. He left the girl unconscious and fled. It was after midnight when she revived, she told the police. When found she was wandering around in a dazed condition.

PIPING WATER TO RIVERSIDE PARK

Under the direction of the board of public works an extension of the water pipes is being installed to furnish the Riverside Park with water during the year. An extension is being laid from the main at Front and Vine street.

The plans for the improvements on the park are now in the hands of the contractors and the contract will be let May 8th. A large arch will be built at the park entrance on State street and a wall built facing the Spence park. Walks and driveways will be laid out and as soon as appropriation is made for further work the contracts will be let.

The present plans including the driveways, arch and walls will be completed about the middle of June and it is not probable that anything further will be taken up for another year.

NOTICE!

is hereby given to the public that I, Wm. Franz, will not be responsible for accounts made by my wife, Mrs. Wm. Franz.

WM. FRANZ.

OBSTINATE ULCERS MAY LEAD TO CANCER

There is no difference, at first, in the appearance of a cancerous and a common ulcer, and for this reason every sore that is obstinate or slow in healing should excite suspicion, for the sore is nothing more than the external evidence of a polluted blood, and if allowed to remain may degenerate into Cancer. Efforts to heal the ulcer by means of salves, plasters and other external remedies always result in failure, because such treatment can have no possible effect on the blood, where the deadly germs and morbid matter form, and are carried through the circulation to the place. No sore or ulcer can exist without a predisposing internal cause, and the open, discharging ulcer or festering old sore will continue to eat deeper into the surrounding flesh as long as a polluted, germ-infected circulation discharges its impurities into it. S. S. S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood goes to the diseased place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy flesh are formed, and soon the sore is permanently cured. S. S. S. is made entirely of roots and herbs of a healing, cleansing nature, and unlike mineral medicines, which often do great damage to the delicate parts of the system, S. S. S. tones up every part of the body. Book on Sores and Ulcers and any medical advice desired free.

should endeavor by hard work and honorable methods to secure for him and his such a competence as will carry with it the opportunity to enjoy in reasonable fashion the comforts and refinements of life; and, furthermore, the man of great business ability who obtains a fortune in upright fashion inevitably in so doing confers a benefit upon the community as a whole and is entitled to reward, to respect, and to admiration. But among the many kinds of evil, social, industrial, and political which it is our duty as a nation sternly to combat, there is none at the same time more base and more dangerous than the greed which treats the plain and simple rules of honesty with cynical contempt if they interfere with making a profit; and as a nation we can not be held guiltless if we condone such action. The man who preaches hatred of wealth honestly acquired, who inculcates envy and jealousy and slanderous ill will toward those of his fellows who by thrift, energy, and industry have become men of means, is a menace to the community. But his counterpart in evil is to be found in that particular kind of multimillionaire who is almost the least enviable, and is certainly one of the least admirable, of all our citizens; a man of whom it has been well said that his face has grown hard and cruel while his body has grown soft; whose son is a fool and his daughter a foreign princess; whose nominal pleasures are at best those of a tasteless and extravagant luxury, and whose real delight, whose real life work, is the accumulation and use of power in its most sordid and least elevating form. In the chaos of an absolutely unrestricted commercial individualism under modern conditions, this is a type that becomes prominent as inevitably as the marauder baron became prominent in the physical chaos of the dark ages. We are striving for legislation to minimize the abuses which give this type its flourishing prominence, partly for the sake of what can be accomplished by the legislation itself, and partly because the legislation marks our participation in a great and stern moral

Pain Weakens

Headache, rheumatism, neuralgia, or pains of any nature weaken the system—they are a strain upon the nerves. Almost instant relief can be obtained by taking Dr. Miles' Anti-Pain Pills, and without any bad after-effects. Take one on first indication of an attack—it will ward it off. They are a pleasant little tablet, sold by druggists everywhere, 25 doses 25 cents; never sold in bulk.

"I was subject to constant headaches for a period of four years. At times I was almost unable to do the work in which I am engaged, that of station agent. Through the advice of a friend I tried Dr. Miles' Anti-Pain Pills, and the result has been that I have entirely eradicated my system of those continuous headaches that follow a continual mental strain. They have done for me all that is claimed for them."

STEAMER RUTLEDGE WILL BE A MODEL

The steamer Rutledge which was recently purchased by Capt. Fugina to be remodeled and fitted up to take the local excursion business is now undergoing the rebuilding at Fountain City.

Perhaps the greatest change will be made in the cabin. Here a large number of berths will be removed and a dancing hall substituted in their place. This will make a clear floor space 100 feet in length and 30 feet wide forward and eleven feet wide aft. In the narrower space there will be berths and stands for refreshments on either side.

Railings are being placed on all decks and in the lower deck the cabin is being fitted with drop windows and will make a very cozy and inviting place much the same as the saloon on the lower deck of the Ideal only of course much larger.

The electric lighting plant on the boat is in excellent condition and the wiring of the boat is being changed somewhat to give the most desired results. With this boat in the local district the excursion business for La Crosse will be taken care of with much better satisfaction than it was heretofore.

New Boat

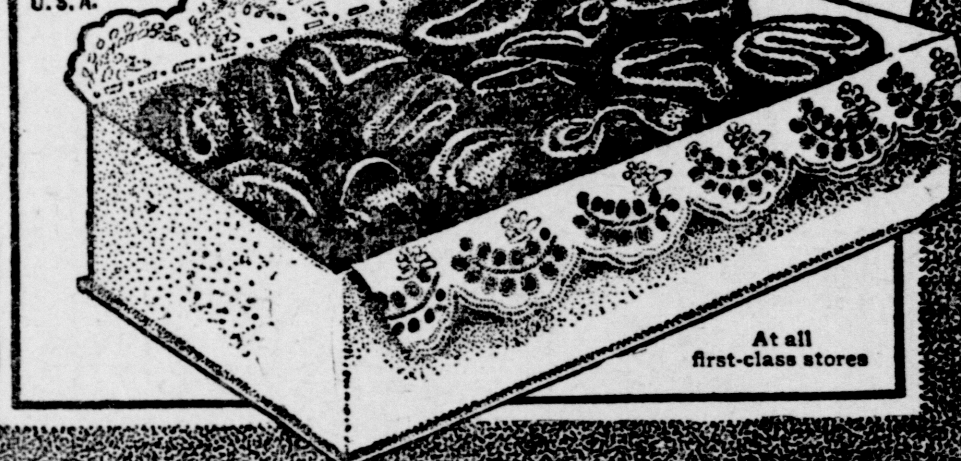

The steamer Juniata will commence her regular trips between Wabasha and St. Paul tomorrow morning, leaving at 5 a. m. The proprietors, Messrs. Newcomb and Francis, have made application to have the name changed to Red Wing, which will probably be granted. The proprietors have spared neither pains or money in fitting this boat for this trade. They can handle more passengers and give better accommodations than they could on the Cyclone.

The La Crosse will also go into service at the same time between Wabasha and La Crosse with the two old veterans, Capt. H. C. Wilcox, in command, Albert Wilcox at the wheel and Harry Wilcox at the throttle.

The Rich Coating of Vassar Chocolates is Delicious

Made up of the most expensive, purest and choicest chocolate—the best that money can buy—a fit covering for America's choicest confection. The flavor is the richest and sweetest you have ever tasted. If you like chocolates with the right coating, you'll like Vassar Chocolates—they are different and vastly superior to ordinary chocolate creams. Vassar Chocolates keep fresh because we seal them in our "triple protection package."

MAYOR ROSE FAILS TO FILE EXPENSES

MILWAUKEE, April 28.—Mayor Rose, Thomas J. Pringle and Louis A. Dahlman have not yet filed sworn accounts of their campaign expenses with the city clerk. There is much interest in the city hall as to how these will compare with those filed by City Attorney John T. Kelly and W. H. Graebner.

All accounts must be filed on May 7, thirty days after election, under penalty, and notices have been sent out.

If our good intentions were all realized the devil would have to open bids for a new paving contract.

PRESIDENT SENDS ANOTHER MESSAGE

(Continued from page 7.)

have labor organizations completely exempted from any of the operations of this law, whether or not their acts are in restraint of trade. Such exemption would in all probability make the bill unconstitutional, and the legislature has no more right to pass a bill without regard to whether it is constitutional than the courts have lightly to declare unconstitutional a law which the legislature has solemnly enacted. The responsibility is as great on the one side as on the other, and an abuse of power by the legislature in one direction is equally to be condemned with an abuse of power by the courts in the other direction. It is not possible wholly to except labor organizations from the workings of this law, and they who insist upon totally excepting them are merely providing that their status shall be kept wholly unchanged, and that they shall continue to be exposed to the action which they now dread. Obviously, an organization not formed for profit should not be required to furnish statistics in any way as complete as those furnished by organizations for profit. Moreover, so far as labor is engaged in production on its claims to be exempted from the anti-trust law are sound. This would substantially cover the right of laborers to combine, to strike peaceably, and to enter into trade agreements with the employers. But when labor undertakes in a wrongful manner to prevent the distribution and sale of the products of labor, as by certain forms of the boycott, it has left the field of production, and its action may plainly be in restraint of interstate trade, and must necessarily be subject to inquiry, exactly as in the case of any other combination for the same purpose, so as to determine whether such action is contrary to sound public policy. The heartiest encouragement should be given to the wage-workers to form labor unions and to enter into agreements with their employers; and their right to strike, so long as they act peaceably, must be preserved. But we should sanction neither a boycott nor a blacklist which would be illegal at common law.

The measures I advocate are in the interest both of decent corporations and of law-abiding labor unions. They are, moreover, preeminently in the interest of the public, for in my judgment the American people have definitely made up their minds that the days of the reign of the great law-defying and law-evading corporations are over, and that from this time on the mighty organizations of capital necessary for the transaction of business under modern conditions, while encouraged so long as they act honestly and in the interest of the general public, are to be subjected to careful supervision and regulation of a kind so effective as to insure their acting in the interest of the people as a whole.

Laws Should Control Trusts
Allegations are often made to the effect that there is no real need for these laws looking to the more effective control of the great corporations, upon the ground that they will do their work well without such control. I call your attention to the accompanying copy of a report just submitted by Mr. Nathan Matthews, the chairman of the finance commission, to the mayor and city council of Boston, relating to certain evil practices of various corporations which have been bidders for furnishing to the city iron and steel. This report shows that there have been extensive combinations formed among the various corporations which have business with the city of Boston, including, for instance, a carefully planned combination embracing practically all the firms and corporations engaged in structural steel work in New England. This combination included substantially all the local concerns and many of the largest cor-

porations in the United States, engaged in manufacturing or furnishing structural steel for use in any part of New England; it affected the states, cities and towns, the railroads and street railways, and generally all persons having occasion to use iron or steel for any purpose in that section of the country. As regards the city of Boston, the combination resulted in parceling out the work by collusive bids, plainly dishonest, and supported by false affirmations. In its conclusion, the commission recommends as follows:

Comment on the moral meaning of these methods and transactions would seem superfluous; but as they were defended at the public hearings of the commission and asserted to be common and entirely proper incidents of business life, and as these practices have been freely resorted to by some of the largest industrial corporations that the world has ever known, the commission deems it proper to record its own opinion. The commission dislikes to believe that these practices are, as alleged, established by the general custom of the business community; and this defense itself, if unchallenged, amounts to a grave accusation against the honesty of present business methods.

Fake Bids Are Dishonest.

To answer an invitation for public or private work by sending in what purports to be genuine bids, but what in reality are collusive figures purposely made higher than the bid which is known will be submitted by one of the supposed competitors is an act of plain dishonesty.

To support these misrepresentations by false affirmations in writing that the bids are submitted in good faith, and without fraud, collusion, or connection with any other bidder, is a positive and deliberate fraud; the successful bidder in the competition is guilty of obtaining money by false pretenses; and the others have made themselves parties to a conspiracy clearly unlawful at the common law.

Where, as in the case of the "Boston Agreement," a number of the most important manufacturers and dealers in structural steel in this country, including the American Bridge company, one of the constituent members of the United States Steel corporation, have combined together for the purpose of raising prices by means of collusive bids and false representations, their conduct is not only repugnant to common honesty, but is plainly obnoxious to the federal statute known as the Sherman or anti-trust law.

Should Be Made Example of.

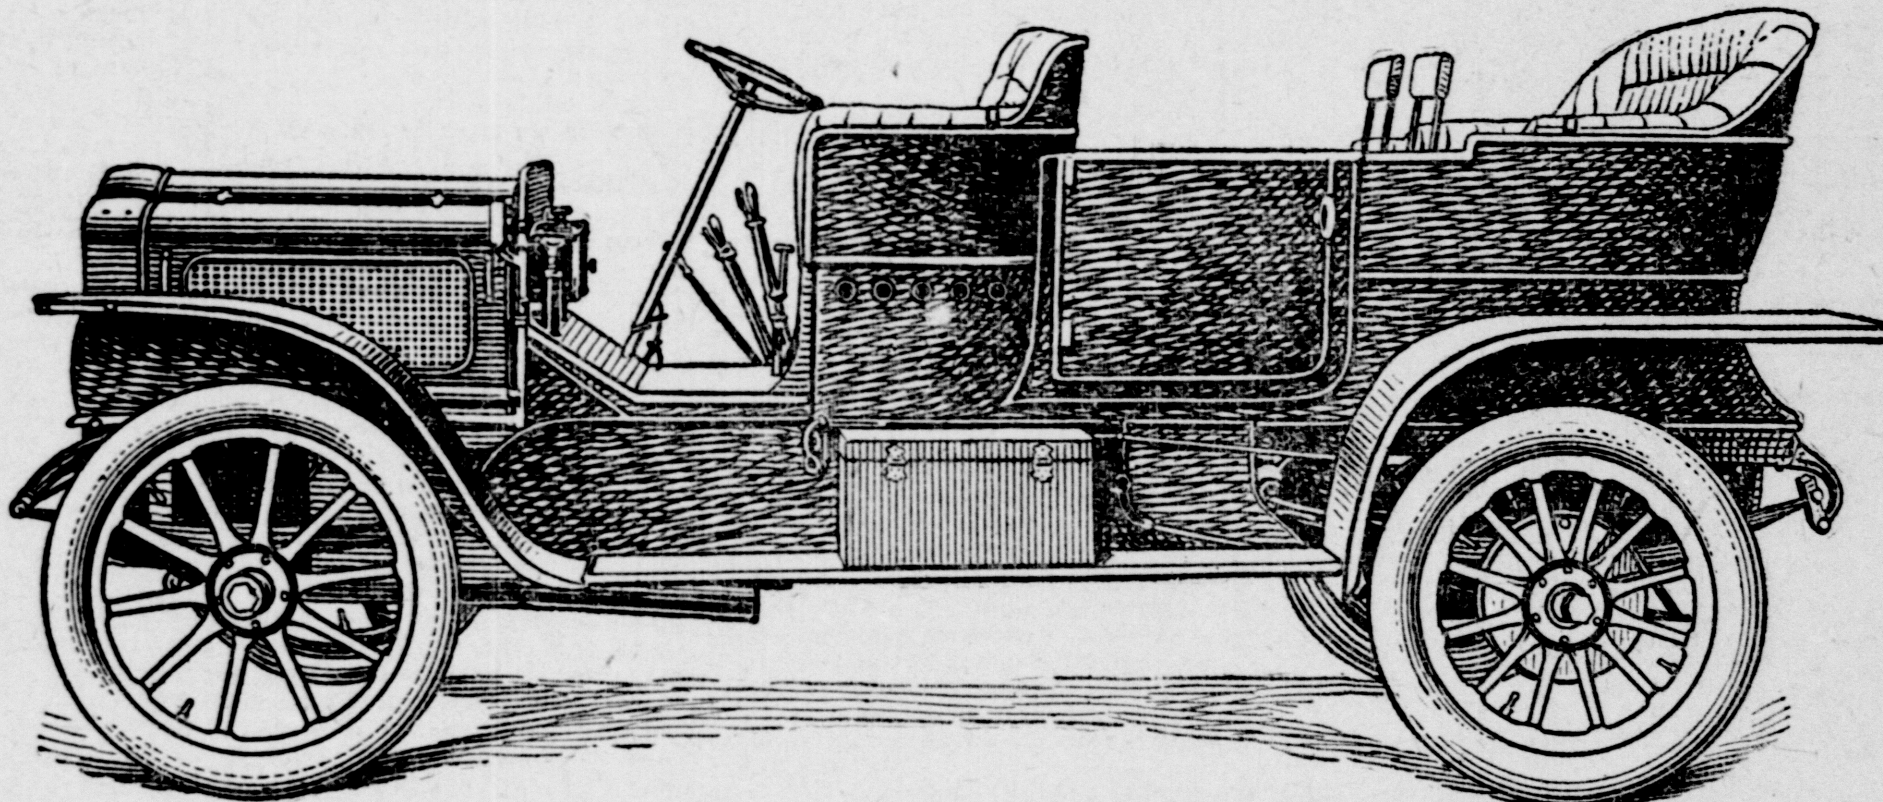

The commission believes that an example should be made of these men, and that the members of the "Boston Agreement," or at least all those who, in October and November, 1905, entered in the fraudulent competitions for the Cove street draw span and the Brookline street bridge, should be brought before a federal grand jury for violation of the act of congress of July 2, 1890. The three years' limitation for participation in these transactions has not yet elapsed, and the evidence obtained by the commission is so complete that there should be no difficulty in the government's securing a conviction in this case.

I have submitted this report to the department of justice for thorough investigation and for action if action shall prove practicable.

Honesty First and Foremost.

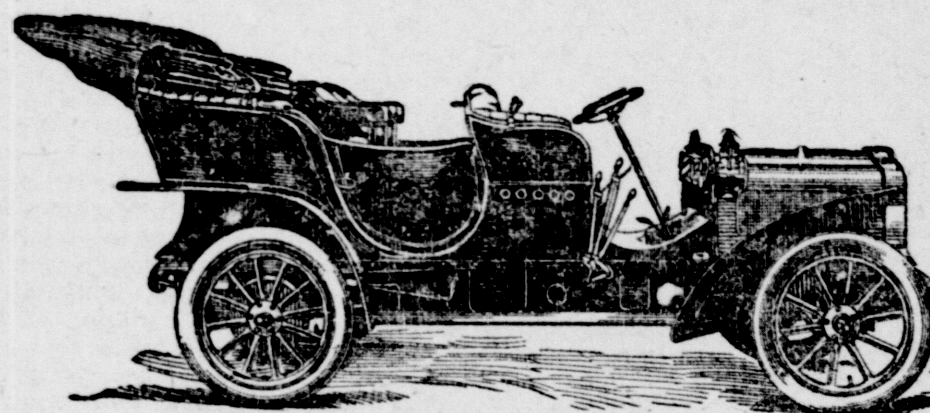

Surely such a state of affairs as that above set forth emphasizes the need of further federal legislation, not merely because of the material benefits such legislation will secure, but above all because this federal action should be part, and a large part, of the campaign to waken our people as a whole to a lively and effective condemnation of the low standard of morality implied in such conduct on the part of great business concerns. The first duty of every man is to provide a livelihood for himself and for those dependent upon him; it is from every standpoint desirable that each of our citizens

LIKE CHARIOT OF FIRE.

SIOUX FALLS, S. D., April 28.—William Lillie, a pioneer resident of Lyman county, was perhaps fatally burned in an unusual experience.

He was breaking a pair of colts hitched to a wagon. He filled the wagon box with hay and the hay caught fire, probably from a match dropped in the bottom of the box. The sudden flaming up of the hay frightened the colts. Lillie hung to the lines regardless of the fact that flames from the burning hay were leaping all about him. He secured control of the colts, but by that time he was badly burned about his legs and body.

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. O. T. Erhart.

VAIN ATTEMPT TO ESCAPE IN PASSING THROUGH CITY

MISSING WISCONSIN MAID

Fifteen-Year-Old Girl Leaves Home, and Becoming Hungry Takes Role of Youth

ST. PAUL, Minn., April 28.—Miss Elizabeth Farnham, the 15-year-old girl who went away from her home in Minong, Wis., two weeks ago, attired in her brother's clothes, was found at Wyoming, Minn., Sunday.

She told at Wyoming that she went away with her brother-in-law, Otis Gaselin, and has been out wolf-hunting and camping about six miles from Wyoming.

The girl was exhausted and hungry when she arrived in Wyoming and applied at a general store for something to eat. While she was in the store her dainty feet and soft voice, despite her cropped hair and trousers, betrayed her, and the storekeeper notified the sheriff, who took her in custody. She refused to be taken home to her parents, but finally consented to go to the home of her uncle.

Gives Deputy the Slip.

The sheriff and his ward left over the Northern Pacific for St. Paul. When the train slowed up at the East Seventh street depot, the girl slipped from the coach unobserved by her escort. She was making a hasty escape up East street, when a gust of wind betrayed her into the hands of Patrolman Raverty. In the meantime, the deputy sheriff had missed his charge. He leaped from the moving train and started in pursuit.

Doesn't Want to Go Home.

"You would never have got me if I had not been hungry when I reached Wyoming," she informed the deputy.

Miss Farnham said that she left home because her parents would not allow her to go out to work. She said that she intended to resume her own work and to get work in Wyoming. She says that she has relatives in St. Paul and that she was going to their home in this city when captured. She said that she had driven across the country and that her disguise had deceived everybody with whom she came in contact when seeking lodging or food, until she got to Wyoming.

\$5,000 GRIP IS RECOVERED

SATCHEL CONTAINING SECURITIES FOUND UNDER A TREE

MISS A NUMBER OF WATCHES

Stolen at Depot and Relieved of Valuables, Then Hidden by Robbers

GRAND FORKS, N. D., April 28.—Securities valued at about \$5,000 and stolen from S. Swenson of Park River, a few days ago, were found on the bank of the Red river, in a bunch of trees in the northern part of East Grand Forks, yesterday. The securities were found to be in good shape. The grip and contents were turned over to Chief Lowe, who took them to the Grand Forks city hall, and will return them to the owner. In the grip were mortgages on farms and other property, notes for various sums, secured and unsecured, insurance policies, receipts, old pocket-books filled with various legal papers and a few letters. The grip had evidently been used by Swenson as a safe and it proved to be a rather poor one. Robbers stole it from the Great Northern depot, where he had left it for a while when he went down town.

When found a quantity of matches, valued at \$300, had been taken. The thieves had evidently decided that the notes and mortgages would be of little value save to the owner.

FIGHT IN COURT OVER SALOONS

MITCHELL, S. D., April 28.—Notwithstanding the fact that license carried in the town of Woonsocket by a majority of one, and the city council gave its official sanction to the vote cast on the proposition, the indications are that the legality of the majority will be taken into the court for settlement.

A provision in the license law requires the proposition to have a majority of five legal voters, but the law falls to provide any method to ascertain how many voters a town has.

A decision has been rendered in the circuit court of the state, however, which holds that of a majority of the highest vote, which is not cast in favor of license the question has no effect.

HOME RULE SLOGAN OF NEW DEMOCRACY

UTICA, N. Y., April 28.—The home rule democracy was born here with the announced purpose of overthrowing Bosses Murphy and Conners.

Old line Seymour Tilden, Cleveland and Hill democrats hoisted the standard of rebellion against the leaders who seized upon the recent democratic state convention, and in resolution and in speech proclaimed that the democracy of the state cannot survive so long as this combination exists.

Amid cries of "highwaymen," "bushwhackers," "night riders," "black hands," whenever the names of the New York and Buffalo bosses were suggested, it was decided:

First—To wage relentless warfare on the Tammany and Erie county chiefs until they are unburied.

Second—That a provisional committee of eleven, headed by William G. Rice of Albany, United States civil service commissioner under Cleveland and secretary to Gov. David B. Hill, and Senator Patrick McCarran shall become the parent body.

Third—That within the next fortnight a committee of sixty-one representatives of every county in the state, selected by local democrats, shall be formed to organize the new party in every city and hamlet. This committee is to possess full power to conduct the fight against Murphy and Conners at a state convention which may be held in June and at all future state conventions and to manage the campaign for unseating Murphy and Conners delegates at the national convention at Denver in July.

An address was issued reciting the "despotic, revolutionary and tyrannical practices of Murphy and Conners" at Carnegie hall ten days ago, and urging all democrats to unite in the movement to oust them. This address is believed to have been dictated by David B. Hill.

NORTHWEST IN BRIEF

SIOUX FALLS, S. D.—United States commissioners have been appointed by Judge Carlant of the United States court. Fred L. Clark at Ludlow, Butte county, and A. T. Lyman at Grand River, Butte county.

BILLINGS, Mont.—According to articles of incorporation of the Stillwater Power and Railway company filed here an electric railroad will be constructed from Billings to Cooke City by way of Columbus, and work on the line will soon begin. There will be branches to Yellowstone, Sweet Grass, Carbon and Park counties. The capital stock of the company is \$3,000,000.

SIOUX FALLS, S. D.—Judge Carlant of the United States court will depart soon for Mankato, Minn., where he will preside during a term of United States court at the request of the regular judge of the district.

BRECKENRIDGE, Minn.—The Commercial club has elected these officers for the year: President, J. C. Kahn; vice president, M. Edwards; secretary, G. W. Burrows; treasurer, J. H. Ehler.

RESOLUTIONS PASSED FOR PROF. ZIMMER

At a special meeting of the Lincoln-Douglas Debating society of the La Crosse High school, held Friday afternoon, April 24, 1908, the following resolutions of sympathy and appreciation were adopted:

Whereas, it has pleased Divine Providence to call from our midst a friend and teacher, Alfred A. Zimmer, who was an honorary member of our society, be it

Resolved, that we the members of the Lincoln-Douglas Debating society, wish to express our appreciation of his life and character and hereby extend to his family our earnest and heartfelt sympathy. Be it further

Resolved, that these resolutions be spread on the minutes of our society and a copy be sent to the family of deceased.

Lincoln Beachey, the Toledo aeronaut, was being congratulated on the \$2,000 prize that he won with his dirigible balloon at St. Louis.

"And how did you feel when you found yourself the victor?" a young girl asked.

"Feel?" said Mr. Beachey, laughing. "Why, I felt excited, flustered. I felt just like my old Toledo friend, John Humphreys, at the time his first baby came."

"To Jack Humphreys, cowering in his library, the doctor entered."

"Congratulations, Mr. Humphreys," the doctor said. "A fine 12-pound baby, sir."

"AFFINITY" FINDER GIVEN A YEAR

CHICAGO, April 28.—Mrs. Jennie Glinn, alias Scott, convicted of using the mails to defraud in conducting an "affinity bureau," was sentenced to one year in the house of correction by Federal Judge Betha Saturday. This is the second conviction in District Attorney Sims' crusade against matrimonial agencies. The sentence is exactly the same as imposed on Marion Gery by Judge Landis. Mrs. Glinn was released under bond of \$5,000 for ten days to give her an opportunity to perfect appeal. The prisoner created a scene in court by weeping hysterically when the sentence was pronounced.

MILWAUKEE MAN SHOOT'S NEIGHBOR

WILLIAM BOSCHKE WOUNDED
BY ROBERT GIRSCH

OLD TIME FEUD IS CAUSE

Empties His Revolver but Young Girl Escapes Injury; Boschke Shot Twice

MILWAUKEE, April 28.—Robert Girsch, aged 31 years, a striking molder living at 764 Grove street, shot his neighbor, William Boschke, aged 53 years, twice in the mouth, fired five times at Boschke's daughter and twice at his son Joseph.

Boschke the victim, was taken to the Emergency hospital, and will recover unless blood poisoning sets in. The end of his tongue was shot off and a bullet lodged in the back of his neck. Girsch was arrested and taken to the Bay View police station where he is held for trial on the charge of intent to kill.

For the last three years there has been a feud between the families of Girsch and Boschke over an auction sale of property. Boschke overbid Girsch and secured the property at 766 Grove street where the shooting occurred. Recently Girsch has made threats against the Boschke family and Patrolman William Nachesheim has been watching Girsch for some time expecting trouble.

Yesterday Girsch, after securing a few drinks, went to the Gawn hardware store on Third and Windlake avenue, where he purchased a 38 caliber revolver. He was refused the cartridges, being told there were none in the store to fit the gun. Later he secured them at another store.

Girsch then went to the Boschke home and asked for the younger Mrs. Boschke. He was told that she was in the house scrubbing. He walked to where he could see the unsuspecting woman and opened fire. Five bullets entered the wall around her body without touching her. Lack of cartridges then forced Girsch to cease firing while he was reloading his weapon. Joseph Boschke ran out of the house and Girsch fired twice at him. He missed both times. Then it was that the elder Boschke appeared.

"O," said Girsch, "you want some of this too, do you?" He fired twice at the old man, hitting him in the mouth both times. The first bullet clipped the end of Boschke's tongue. The second entered the mouth and went through the back of the neck. One more bullet was fired.

When Patrolmen Sonnenberg and Christ Janssen arrived on the scene, Girsch pointed the pistol at them and threatened to kill them both, but realizing that his gun was unloaded he submitted quietly to arrest and was taken to the Bay View station.

PRYOR ATTENDS CONVENTION

MILWAUKEE, April 28.—The twelfth annual convention of the Photographers' association of Wisconsin opens this morning in Masonic temple, Jefferson and Oneida streets, and will continue until Thursday morning. Approximately 100 delegates arrived yesterday, but many more are expected today.

The convention will be called to order at 9 o'clock this morning by President W. A. Pryor, La Crosse. A paper will be read by W. J. Hillman, Richland Center, and there will be a demonstration of printing on development papers by H. H. McIntire. Reports and the president's address will be presented.

An interesting feature of the convention will be the large exhibit of portraits and scenic photographs.

GREAT SKIN CURE STIRS EUROPE.

Medical Profession Interested in External Wash Which is Producing Remarkable Results.

Instant relief and permanent cures have so invariably followed the use of an American prescription for the cure of skin diseases that European doctors, always zealous to lead in fields of medical knowledge, are still directing inquiries as to the ingredients of this external vegetable remedy.

The makers of the prescription, the D. D. D. Company of Chicago, are replying frankly to such European inquiries that this Eczema remedy is simply oil of wintergreen compounded with other vegetable ingredients of known healing power such as thymol and glycerine.

Apparently no case of no matter how long standing can stand against this simple remedy, known as D. D. D. Prescription. Here is a typical letter from Mrs. E. Payne of East Pittsburgh, Pa.: "I had a horrible breaking out on my legs and feet, and tried nearly all medicines and salves without result. The first bottle of D. D. D. helped me and I secured a complete cure. That was two years ago and I have had no trouble since."

We have investigated the merits of D. D. D. Prescription and believe it to be the best and quickest cure for skin diseases. At any rate, we positively know that it takes away the itch just as soon as you apply a few drops of the soothing liquid. Call for free booklet on care and nutrition of the skin and ask for a cake of D. D. D. Soap. Hoeschler Bros.

JACK THE NIPPER IS AT EAU CLAIRE

EAU CLAIRE, Wis., April 28.—"Jack the Nipper" is the latest vanguard to create excitement in this section. Who he is the officers do not know but they are trying hard to find out. He operates with cutters and does great damage by cutting wire fences at distances about a rod apart. Between the farms of R. L. Perry and Herman Kleist the line fence was nipped between every other fence post for a distance of nearly 300 rods.

STUDENTS WANT BASHFORD.

MADISON, Wis., April 28.—At a meeting of the law students of the university this morning an emphatic protest was registered against the attitude taken by the faculty toward the teaching of code practice in the law school. Since the appointment of Judge Bashford to the supreme bench no course has been given in code practice, which is deemed very essential because Wisconsin is a "code state." There is a petition being circulated now which is being signed generally by the students to have Judge Bashford resume his course on code practice. In the meantime Judge E. Ray Stevens has consented to give a series of five lectures on this subject.

CASTLES AFTER NELSON'S SCALP

MADISON, Wis., April 28.—B. J. Castle of Madison, chief clerk of the state land office and candidate for the republican nomination against Congressman John M. Nelson in this district, is preparing to make a vigorous fight for the nomination at the September primaries. Last fall he invited Congressman Nelson to meet him in a series of joint discussions before the voters, but at that time Mr. Nelson was too busy with official duties to accept the invitation, and outlining a program of subjects to be discussed. A hot reply is expected from Mr. Nelson.

SAYS HOUSE WAS QUARANTINED WEEKS

John R. Houser, whose family is afflicted with smallpox at the present time, says that erroneous reports were circulated concerning his family exposing the community. He declares his home and family was quarantined for four weeks and none were allowed near, although the house was not placarded until Saturday.

GIRL "MASHED;" BREAKS GLASS

ST. LOUIS, Mo., April 28.—The Spanish tongue being foreign to Miss Lena Bone is the reason for a smash-plate glass window in the store of John Kreig.

While walking with a friend Miss Bone passed Jose Fernandez and Henry Felon, Spaniards who were standing in front of Kreig's place carrying on an animated conversation in the mother tongue, which is generally augmented by sundry shoulder shrugs and much gesticulating.

Miss Bone did not understand the words, but the shrugs were suggestive. She believed the conversation was addressed to her and put a sudden end to it by charging the men with an umbrella. They fled, and the umbrella descended on the plate glass window.

SCHWALBE HAS LOWEST BID

The regular meeting of the La Crosse Saengerfest association was held at the Germania Friday evening and while the contract for the erection of the auditorium was not let the estimates from the contractors were read and the estimate of Frank Schwalbe was the lowest. The contractors who sent in estimates were John Miller, C. W. Noble, Pete Nelson and Frank Schwalbe. The contract for the building now awaits the signature of President William Doerflinger. The estimates were entirely satisfactory to the association, who are well pleased with the results and expect to have the building started about the middle of May. About thirty days will be necessary to erect the building and as soon as it is completed the rehearsal will be held preparatory for the opening of the fest.

Miss Barbara Russell has reported to President Doerflinger that she expects to have about 1,000 voices in the children's chorus. The chorus will be made up of students from the public and parish schools in the city.

DEATHS NEARLY CAUSED BY PIE

MANITOWOC, Wis., April 28.—Croton oil, placed in pie which they had for lunch, came near proving fatal for three employees of the Goodrich Transit company, and one, William Schroeder, foreman carpenter, is not out of danger. Schroeder, Alfred Cozay, electrician, and Ira Smith, foreman painter, were the men who suffered from the oil and the three were worked over by physicians for hours. Arrests are threatened, it being said that the oil was placed in the pie as a joke.

The visitors were cordially received by the people of Norwalk and everybody reported to have had a good time.

Next year the contest will be held at Kendall.

There is said to be only one really good husband in town, and his wife is mean to him.
